Reporting procedures & Responsibilities

1.Engineers / supervisors responsibilities

2.HSE OFFICERS responsibilities

3.Additional information

1.Engineers / supervisors responsibilities and reporting procedures

1.1. Prior to start any new work location / if any new employees joined under your jurisdiction

1. The method statement and risk assessment should be validated and knowledge of potential hazards and safe work practices should be taught to employees through an MSRA presentation and Training records (DC-HSE-LME-016) should be maintained on site. (Note: If any MSRA disclosures are made to employees. Records must be submitted along with weekly or monthly report).

1.2. Weekly Report (DC-HSE-LME-023) (NOTE: Reports must be submitted on every Friday)

1. Weekly Report (DC-HSE-LME-023) word document file must be prepared and submitted through email with attachments.
2. Engineers / supervisors should conduct daily STARRT BRIEFING (DC-HSE-LME-019) prior to start work. (NOTE: must attach the attendance sheet soft copy in the weekly report)
3. Weekly Tool Box Talk (DC-HSE-LME-018) must be conducted once in a week. Topics will be shared either by Email / WhatsApp group. In case of any unsafe observation or unsafe act is identified you can conduct additional Tool Box Talk as per site condition (NOTE: must attach the attendance sheet soft copy in the weekly report)
4. weekly bus inspection must be conducted using inspection checklist (DC-HSE-LME-010) (NOTE: must attach the checklist soft copy).
5. Plant &Vehicle inspection Checklist (DC-HSE-LME-05) must be given to the vehicle operators and ensure the operators are inspecting the vehicle using checklist daily (NOTE: must attach the checklist soft copy)

6. Prior to start any excavation activity area must be inspected by using PRE COMMENCEMT-EXCAVATION CHECKLIST (DC-HSE-LME-012) to ensure the excavation area is safe. Maintain records on site. (NOTE: If inspection carried out attach the checklist with report)
7. SAFETY IN HEAT checklist (DC-HSE-LME-011) must be followed from 15 June to 15 September. (NOTE: must attach the checklist soft copy).

1.3. Monthly Report (DC-HSE-LME-024) (NOTE: Reports must be submitted on last Friday of the month)

1. Review the weekly reports and prepare the monthly HSE statistics word document template and submit through email. (NOTE: Attach monthly inspection checklist along with the report)
2. Power tools must be inspected (DC-HSE-LME-08) and color coded as per LME GCC color codes standard (DC-HSE-LME-034). (NOTE: Attach checklist with report)

1.4. Yearly HSE statistics report (DC-HSE-LME-027) (NOTE: Reports must be submitted on end of the year last Friday)

1. Review all the monthly reports and prepare the yearly HSE statistics report (DC-HSE-LME-027). Submit through Email.

2.HSE OFFICERS responsibilities and reporting procedures

2.1. Prior to start any new work location / if any new employees joined under your jurisdiction

1. HSE induction (DC-HSE-LME-015) must be conducted to ensures workers are fully informed about the organization safe work practices and aware of their work and responsibilities, along with the risks and hazards that may come with their job. (NOTE: Submit the records along with weekly/monthly reports)

2.2. Weekly Report (DC-HSE-LME-023) (NOTE: Reports must be submitted on every Friday)

1. Weekly Report (DC-HSE-LME-023) word document file must be prepared and submitted through Email with attachments
2. Ensure site representatives are following checklist, TBT, inspections and safe work procedures to ensure the safety of workforce.
3. Ensure weekly Plant &Vehicle inspection is done by all the operators.
4. Daily HSE inspection must be done on site and HSE inspection Report (DC-HSE-LME-014) should be filled (NOTE: Attach Daily HSE inspection report with the weekly report)
5. weekly HSE trainings and TBT records (DC-HSE-LME-036) must be filled and (NOTE: attach the word document with the report.)
6. weekly HSE Training (DC-HSE-LME-017) must be conducted to ensure employees are aware of workplace hazards. (NOTE: Minimum one training in a week is required - Attach records in weekly report)

2.3. Monthly Report (DC-HSE-LME-024) (NOTE: Reports must be submitted on last Friday of the month)

1. Review the weekly reports and prepare the monthly HSE statistics word document file and submit through Email. (NOTE: Attach monthly inspection checklist along with the report)

2. Weekly HSE inspection observations must be prepared in the given HSE Observation Summary excel sheet (DC-HSE-LME-035) (NOTE: Attach with the monthly report)
3. Lifting accessories must inspected and Monthly Lifting Gear Inspection Report Form (DC-HSE-LME-013) should be submitted.
4. Inspect fire extinguishers (site, vehicle, equipment's etc..) and record the observation in Fire Extinguisher Inspection Register (DC-HSE-LME-06).
5. Power tools must be inspected (DC-HSE-LME-08) and color coded as per LME GCC color codes standard (DC-HSE-LME-034). (NOTE: Attach checklist with report)
6. HSE campaign reports under progress.

3. Additional information.

1. To locate the appropriate documents, I have attached a HSE DOCUMENTS LOG SHEET inside the zip folder to find out the appropriate documents name and location easily.
2. Also, you can find the documents easily by following folder number guidance inside the HSE DOCUMENTS LOG SHEET or else just type the document number which I have mentioned inside the bracket in the search bar to find out the documents. (Example.... search= DC-HSE-LME-00).
3. If HSE officer is not appointed on your project just leave the HSE section and follow the procedures mentioned in the Engineers / supervisors responsibilities and reporting procedures. Engineers / supervisors should submit the report.
4. If HSE officer is appointed in the project means both sections must be completed 1. Engineers / supervisors responsibilities and reporting procedures.2.HSE OFFICERS responsibilities and reporting procedures. Reports must be submitted by HSE officer.
5. Further if you need any additional checklist, please let me know will prepare it for you.
6. Will add you all in HSE WhatsApp group further we can discuss in group.
7. HSE Induction slides and induction sticker under process will update soon.
8. HSE plan and procedures under process will update soon.
9. Additional procedures under process.

For any doubts regarding report submission or procedures please contact me through Email, WhatsApp or phone call.
